"An epic drama that contains a complex narrative and a variety of gameplay... Thanks to the game's introduction of hand-drawn illustrations, character designs, and vibrant colors, you can enjoy the game even more." (Playster) "A rough look and feeling reminiscent of the old Final Fantasy 7." (GamerGate) "An early experiment in the RPG genre... An homage to many video game giants like Final Fantasy and Chrono Trigger." (TouchArcade) "...this title is an excellent title... the work in the title just oozes class. The attention to detail is unparalleled. Gameplay feels natural, and the world is an overwhelming and vibrant spectacle to behold. With all these elements combined, the Elden Ring is a game that is sure to delight." (J-Dubb) "The Japanese RPG developers have released another RPG on the market, in an exclusive pre-order bonus game, and this one is full of charm. The characters are cute and the artwork has a 2D look to it. Even if you didn't read through the full story, you can simply explore the vast world and take quests from various NPCs to have some fun time." (Gamerok) "You will find lovely characters and an amazing world that is full of colorful elements. This game is a fantastic addition to my growing collection of titles in the genre." (Nito) "To be honest, I wasn't expecting to play more than 10 hours. I was able to earn some items and talk to some of the NPC and I have no problems with the story." (gametroll) "It's a very fun and appealing game that you don't need to really invest your time to know everything about it. It's enough just to explore and have fun." (GamerAve) "Elden Ring is a well done title. It's enjoyable, has a deep story, great characters, and looks to be like a well put together RPG. The art is a nice touch to the experience as well."
